

Sinclair
Broadcasting is
clearly an Orwellian
emanation. The
democratic
principles of our
country are under
attack from within.

Sinclair uses the
public airwaves free
of charge, and is
obligated by law to
serve the public
interest. Please
make them do this or
revoke their
license. They damage
local economies of
information and
wealth by
withdrawing
employment and local
reporting from the
areas their stations
"serve."

Companies like
Sinclair should not
be allowed to
monopolize broadcast
stations. Make
license renewal
dependant on
thorough review for
fairness and for
critique of the
holding corporations
themselves.
Corporations are not
citizens!!
